

P/2022/0083

Overton Lodge, Overton. Amended drawings

Hi Simon,

Hope you are well.

Thanks for speaking to me last week regards the application.

As a result of our phone call the applicants have had a rethink and wish to change the proposed configuration of the outbuildings and use it as a games room, store and "media room". The existing toilets will remain but there will be no additional requirements for water with no cooking facilities or need for washing etc.

Is this more acceptable in terms of the phosphates issue? Can you speak with Emma and let me know please?

The proposed amended plans are attached. Can you confirm receipt please?

Regards

Peter Miller
