12/09/2022

Dear Sir/Madam,

PROPOSAL: Single storey front extension

LOCATION: Brushwood Cottage, Quarry Road, Glyn Ceiriog, Wrexham

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 24/08/2022.

We have concerns with the application as submitted. However, we are satisfied that these concerns can be overcome if the document identified below is included in the approved plans and documents condition on the decision notice:

- Arbtech. Bat Emergence and Re-Entry Surveys - Brushwood Cottage, Quarry Road, Glyn Ceiriog. 11/07/2022

Please note, without the inclusion of this document we would object to this planning application. Further details are provided below.

Protected Species

We note that the bat report submitted in support of the above application (Arbtech. Bat Emergence and Re-Entry Surveys - Brushwood Cottage, Quarry Road, Glyn Ceiriog. 11/07/2022) has identified that although bats are not using the building, they are present at the overall application site. From the information submitted, we consider that the proposed development represents a lower risk for bats, as defined in our guidance document '*Natural Resources Wales Approach to Bats and Planning (2015)*'. Bats and their breeding and resting places are protected under the Conservation of Habitats and Species Regulations 2017 (as amended).

As this is a lower risk case for bats, we consider that the development is not likely to be detrimental to the maintenance of the population of the species concerned at a favourable conservation status in its natural range.

Furthermore, we advise that the proposed development is not likely to harm or disturb the bats or their breeding sites and resting places at this site, provided the avoidance measures described in the bat report are implemented.

The report must be included in the 'approved list of plans / documents' condition within the decision notice should consent for the project be granted.

Please consult us again if any further information shows that this is no longer a lower risk case.

Foul Drainage – Protected Sites

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). As you are aware, on the 21st January 2021, we published an evidence package outlining phosphorus levels for all river SACs across Wales.

In line with our [Planning Advice](#) (July 2022), under the Habitats Regulations, Planning Authorities must consider the phosphorus impact of proposed developments on water quality within SAC river catchments. We therefore advise you to consider whether the proposals, as submitted, would increase the volume of foul discharge from the site in planning terms.

We note the application, as submitted, proposes a domestic extension *i.e.*, an extension to a dwelling house comprising a single household. We refer you to our Planning Advice and the section titled 'What does this mean for domestic extensions?'

Ultimately it is a matter of judgment for you, as Competent Authority, to satisfy yourselves that the proposed development will not result in a significant effect on the SAC. Therefore, should your Authority conclude that the proposal is likely to have a significant effect on the River Dee and Bala Lake SAC, please consult us on your Appropriate Assessment under Regulation 63 of the Conservation of Habitats and Species Regulations 2017 (as amended).

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yours faithfully,

Joy Evans

Cynghorydd - Cynllunio Datblygu / Advisor - Development Planning
