Subject: [DKIM:INVALID] P/2021/1144 Variation of Condition 2 GWERN Y TO, SHOCKLACH LANE, WORTHENBURY
Attachments: Contractors Information.doc; Photographic Survey Guidance - Level 1.docx

Dear Simon

Thank you for the consultation on this application.

The variation of condition 2 does not alter our previous advice for a level 1 photographic survey condition.

With regard to condition 15 (photographic survey) we noted that a very poor photographic survey consisting of just 5 low resolution photos presented as a pdf have been submitted. This would not fulfil the requirements of the condition as the photographic survey has not been completed by an archaeological contractor in accordance with the Level 1 advice (copy of brief supplied again), the photos submitted are inadequate in number and coverage of the building, there are no supporting photo location plans and there is no sign that the photographs will be forwarded to the correct archive locations even if they were adequate. The photographic survey as it stands is therefore rejected and will need to be completed by an archaeological contractor.

Kind regards

Mark Walters
