Dear Sir/Madam,

PROPOSAL: CONVERSION OF STABLES TO CREATE ANNEXE ACCOMMODATION

LOCATION: PLAS EYTON, EYTON, WREXHAM, LL13 0YD

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 23rd May 2022.

We have no objection to the proposed development as submitted and provide the following advice.

Protected Sites and Foul Drainage

We note the application, as submitted, proposes a granny annexe. We do not consider that a potential change in the number of inhabitants of the property should in itself justify the triggering of likely significant effects on a European Site, unless there is a material change of use connected to or arising from the change in occupancy or if the use resulting from the change in occupancy cannot be said to be incidental to the enjoyment of the dwelling house - this will be a planning judgment for your authority to make. You may wish to consider whether this development proposal would result in the creation of independent living accommodation, a separate planning unit and/or whether the use can no longer be said to be ancillary to the main residence. Ultimately, it is a matter for you, as Competent Authority, to satisfy yourselves that the proposed development will not result in a significant effect on the SAC. Therefore, should your Authority conclude that the proposal is likely to have a significant effect on the River Dee and Bala Lake SAC, please consult us on your appropriate assessment under Regulation 63 of the Conservation of Habitats and Species Regulations 2017 (as amended).

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is

published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yours faithfully

Ruth Prichard
