Annwyl Syr/Madam / Dear Sir/Madam,

**BWRIAD / PROPOSAL: CHANGE OF USE OF BUILDING FROM CLASS D1 (CHAPEL)
TO CLASS 3 (DWELLING HOUSE)**

**LLEOLIAD / LOCATION: SOAR CHAPEL, LLANARMON ROAD, GLYN CEIRIOG,
WREXHAM, LLANGOLLEN, LL20 7EU**

Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 05/11/2021.

We have concerns with the application as submitted because inadequate information has been provided in support of the proposal. To overcome these concerns, you should seek further information from the applicant regarding foul drainage. If this information is not provided, we would object to this planning application. Further details are provided below.

Protected Sites

Foul Drainage

We note the application site is within the catchment of the River Dee and Bala Lake Special Area of Conservation (SAC). As you are aware, on the 21st January 2021, we published an evidence package outlining phosphorus levels for all river SACs across Wales. As part of this package, we issued a [Planning Position Statement](#), in which we advised that any proposed development that might increase the amount of phosphate (or phosphorus) within a river SAC catchment could lead to damaging effects to the SAC. Therefore, such proposals should be screened through a Habitats Regulations Assessment (HRA), to determine whether they are likely to have a significant effect on the SAC. We have also issued [Planning Advice](#) (May 2021) which gives specific advice in respect of foul drainage arrangements for new developments.

We note from the information submitted that the development has the potential to increase the amount of phosphorus being discharged from the site. As such, we refer you to our [Planning Advice](#) and advise you to seek further information from the applicant. We advise

you to seek further information as identified in the section titled 'What does this mean for development proposals involving connection to public wastewater treatment works' of that advice.

Pollution Prevention

- River Dee and Bala Lake Special Area of Conservation (SAC).

From the information provided, NRW consider that the proposals may affect the River Dee and Bala Lake SAC. The application is located within 30m of the SAC.

NRW have identified potential impact pathways to features of this site:

1. pollution

The above pathways may not result in an adverse effect if the following measures are adhered to/ implemented:

1. Developer adheres to pollution prevention guidelines.

For further guidance please refer to GPP 5 and PPG 6 at the following link:
<http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Provided this advice is followed and you are able to conclude that the development is not likely to have a significant effect on the SAC, we would have no objection to the proposal. However, should you conclude that the proposed development is likely to have a significant effect on the SAC, please consult us on your Appropriate Assessment under Regulation 63 of the Conservation of Habitats and Species Regulations 2017 (as amended).

- River Dee Site of Special Scientific Interest (SSSI)

NRW consider the proposals have the potential to impact upon the River Dee SSSI. Providing the impact pathways referenced above for the SAC are adequately addressed, NRW consider the features of the SSSI will also be adequately safeguarded

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully

Garmon Lewis
