Hello Sharon / Dominic,

Further to our previous correspondence regarding draft conditions – further to the construction traffic management plan and service delivery plan that have now been agreed - the Trust now has detailed information to submit with regard to condition 28 (footway/carriageway details). Please the necessary drawing showing the relevant detail attached.

I would be extremely grateful if you confirm this is acceptable so we can include this drawing with the approved details and remove condition 28.

Thanks in advance.

Regards
