Hi Michelle,

Apologies for the delay in my response, I was on leave last week. Your proposal looks fine from an amphibian-perspective thanks.

As this is for planning purposes I assume that it is largely for illustration? If need be, could the Tubosider pipe be moved closer to the yard extension? This would reduce the impact on the area of habitat that might be used by Great Crested Newts.

Kind regards

Tom Knight

Hello Tom,

Thanks for your help in making the drainage amphibian friendly. I hope I have interpreted correctly and the design is attached. If you have any comments please let me know as soon as possible, we are hoping to submit the application today.

Kind Regards
Michelle
