5TH November 2021

Dear Jon,

Re. Ysgol Yr Hafod, 2021 0870 – Condition 17

I can confirm that we have appointed Alistair Henderson (M. Arbor A C.Env) of Tree Solutions Ltd as an arboricultural clerk of works relating to the Ysgol Yr Hafod Junior School, Johnstown. I can confirm that all works will comply with the Tree Solutions Arboricultural Method Statement Ref: 19/AIA/WXM/249 (Rev B) and the scope of the appointment includes the below:

- 1 pre-commencement visit for a 'tool-box' talk on tree protective fencing specification and to make sure it is erected in correct location.
- 1 pre-commencement visit to inspect the tree protective fencing, taking photographs and submission of report with evidence for your records.
- 1 visit halfway through the project just to ensure that the fencing hasn't been removed or any breach in what has been agreed in the AMS
- 1 visit at the end of the project as above and to confirm no construction impacts to trees
- 1 visit with landscape contractor to brief them on tree protection and ensure that they do not undo any good work that has been done throughout the construction phase i.e. rotovating around trees etc.

I trust that the above is acceptable, but should you wish to discuss further please do not hesitate to contact me.

Yours faithfully
For Wynne Construction

Richard Wynne
