Applicant	D SHEPPARD	Code No	ISY P /2021 /0008
Agent	LICHFIELDS MELISSA WILSON SHIP CANAL HOUSE 98 KING STREET MANCHESTER M2 4WU	Date Received	08/01/2021 17/05/2021
		Decision Date	

Report has been completed in respect of that part of the site and submitted to and approved in writing by the Local Planning Authority.

5. The rating level of any noise generated by reason of this development shall not exceed the pre-existing background level by more than 5dB(A) at any time. The noise levels shall be determined at nearby noise sensitive premises, and measurements and assessment shall be made in accordance with BS4142:2014 Method of Rating Industrial Noise Affecting Mixed Residential and Industrial areas

6. The development shall be carried out in strict accordance with the findings and recommendations contained within the Ecological Mitigation and Enhancement Scheme, REC Ltd. Reference: 1CO106365EC3R5, June 2020 and approved as part of this application. The mitigation and compensation measures hereby approved shall be fully implemented prior to first use of the development.

7. A compliance audit shall be carried out by a qualified ecologist, independently of the appointed principle ecologist, in accordance with details which have been submitted to and approved in writing by the Local Planning Authority. A copy of the completed audit reports should be submitted to and approved in writing by the Local Planning Authority after each phase of development.

8. No part of the development shall be brought into use until the existing drainage ditch has been diverted and piped in accordance with the detail contained in the approved letter of Waterco dated 22.03.2019 File Ref: W10833190322-Letter as updated by Waterco's Technical Note dated January 2021

9. Prior to first use of the development hereby approved the vehicular access shall provide visibility splays of 2.4 metres x 120 metres in both directions measured to the nearside edge of the adjoining highway. Within these splays there shall be no obstruction above the level of the adjoining carriageway. The splays shall thereafter be permanently retained clear of any such obstruction to visibility.

10. The site shall be operated in accordance with the approved traffic management plan by CDM Consulting.

11. There shall be no gates or other means of enclosure across the vehicular access point within 5 metres of the highway boundary.

12. The vehicular parking areas as shown on approved drawing(s) No(s). P18108-002C and 003C shall be fully laid out, surfaced and drained prior to first use of the development. These areas shall thereafter be permanently retained and kept free of any obstruction, and made available solely for the parking of motor vehicles at all times.
