Thank you for consulting Cyfoeth Naturiol Cymru / Natural Resources Wales about the above, which we received on 21/04/2022.

We have no objection to the discharge of condition 7 and provide the following advice.

Condition 7

We note the submitted contents of the Construction Environmental Management Plan (CEMP) (Pelagic Energy, April 2022) in regard to the measures stated to be implemented to reduce the risk of environmental harm. We are generally satisfied with the CEMP and have no further comments.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir,

Siôn M. Williams
