re: P/2022/0180 Storage container for Rhos Aelwyd Football Club

The storage container is required to store the Junior equipment used by our six junior teams:

- 8 portable junior goals
- 6 mini pop-up goals
- Bag of training balls for each team (6 in total)
- Training marker cones / training poles / corner flags
- Goal nets, ladder & peg bag
- Football crowd barrier system
- Line marker

The Club would hope to have planning for 3 years. In the future the club would seek funding to erect a permanent structure.

Regards,
David Parry
