

P/2021/0767 Garth Stewart, Erbistock LL13 0DH- proposed stable

Good morning Simon

I hope you are well.

In response to your email on the 10th August, please find attached the Block Plan drawing with existing trees and hedges plotted on. I have also attached a few photographs of the site as requested. The applicant has expressed that they are flexible where the building is located if this will avoid any tree concerns i.e they are happy to move the building further south, when we measured on site the current north facing elevation would be approx. 4m to the nearest tree (we are guided by yourselves on this).

I look forward to hearing from you

Kind Regards

Ben
