Date: 07-03-2022

Town and Country Planning Act 1990

Town and Country Planning (General Development Procedure) Order 1996

Re: P/2022/0143, THE BROOK EGLWYS CROSS WHITCHURCH

GORCHUDDIO PIT SILWAIR / COVERING OF SILAGE PIT

A27N - FARMS (SILOS / SILAGE / FUEL STORAGE)

The applicant is advised of the requirement to comply with the Control of Pollution (Silage, Slurry and Agricultural Fuel Oil) Regulations 1991, in addition to the related Codes of Practice. These regulations are enforced by the Natural Resources Wales who require 14 days written notification in advance of any plans to install a new silo or alter an existing facility.

ZP12 -ODOUR CONTROL

This environmental health department have received complaints of odours emanating from the silage pit (in the past). The covering of the silage pit may reduce the ability of odours to escape into the environment. With this in mind, we would support the covering of the silage pit as an element of the management of silage pit odours.
