Hi Sharon,

This should now be up-to-date on SX3.

Thanks,

Pauline

Morning Pauline,

Thanks for this.

Morning Sharon,

The height is confirmed in correspondence from the applicant as being 180cm high. I'm double checking how the amended description affects the welsh and will then update it on SX3.

Thanks,

Pauline

Importance: High

Hi Pauline,

Any luck with this please? The consultation process is on hold until we have this information, and the local member is also waiting for confirmation of the height.

Thanks
Sharon

Type your request in here.

Hi Pauline,

Please contact the applicant to obtain the correct height of the planter in combination with the trellis, and then amend the application description accordingly. The measurement should be taken from the bottom on the planter to the top of the trellis.

The description says 5 metres, but that is very unlikely when you look at the rest of the application documentation. It looks closer to 2 metres.

Thanks
Sharon
