Subject: P/2021/0822 - Torriad Farm, Bowling Bank - further information on slurry lagoon capacity requested NRW:08540506

Good Morning Sharon,

Thank you for sending through the additional information regarding the above site.

However, we require further clarification on the slurry lagoon before being able to comment - the applicant states that the capacity will be enough to comply with the requirements of the new regulations, but we will need to see some calculations for inputs and capacity to demonstrate compliance.

Please could you ask for this information from the applicant/agent?

Kind regards,

Rachael
