Hi Phil

I checked our original adopted plans and it confirms that this area is highway. There have been a number of occasions where applicants indicate that their deeds extend to a given point which conflicts with the adopted highway. This just means that they own the sub-soil in this area but do not have control of the highway above. Adopted highway can only be extinguished by a "Stopping Up Order".

Regards, Phil

Hi Phil,

Just looking at this one. Are we absolutely sure that this is adopted highway? The base maps show it to be but I'm not convinced by the plotting.

Is it possible to have adopted highway in third party ownership? They haven't served notice on us as highway authority which leads me to believe they own the land.

Ta
