 NB: Sever symbol colour indicates the type.
 RED - Combined
 GREEN - Surface Water
 BROWN - Foul
 Grey - General SWS (sewers) (for infiltration to process only)

		Private Sewer Transfer
		Lateral Drain
		Inspection Chamber

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dan's CyberCycling ("Company") gives this information as to the position of its underground apparatus by way of general guidance only and on the strict understanding that it is based on the best information available and no warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the company's apparatus. The usual of loading operations before carrying out any excavations take entirely on you. The information which is supplied to you is a direct consequence of the fact that the Company is the owner of the apparatus and 100 of the Water Industry Act 1991 which is based upon the best information available and, in particular, but without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or disposal main and any associated apparatus laid before 1st October 1988, or if they do, they may not be accurate and the Company cannot be held to be accurate. It may be understood that the furnishing of this information is entirely without prejudice to the provisions of the New Roads and Street Works Act 1991 and the Company's right to be compensated for any damage to its apparatus.

Service sites are not necessarily shown but their existence should be ascertained.

EXACT LOCATIONS OF ALL APPARATUS
TO BE DETERMINED ON SITE.
