	Private sewer subject to Sect. 104 adoption agreement		Private Sewer Transfer
	Private Sewer Transfer		Lateral Drain
	Lateral Drain		Inspection Chamber

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cylinddydd (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and is not warranted as to its correctness in the event of excavations or other works made in the vicinity of the Company's apparatus. The error of location of apparatus is not intended to be relied upon for the purpose of the Company's liability. The Company is not liable for any loss or damage caused by the use of this information. It is the responsibility of the user to ensure that the information is used in accordance with the requirements of the Water Industry Act 1991 and the Sewerage (Interference) Regulations 2001. The Company is not liable for any loss or damage caused by the use of this information. It is the responsibility of the user to ensure that the information is used in accordance with the requirements of the Water Industry Act 1991 and the Sewerage (Interference) Regulations 2001.

Service pipes are not generally shown but their presence should be anticipated.
