Mared

We would like a contribution to the Acton Park area. This has a very heavily used play area which isn't big enough for current demand. We would want to improve the play facilities at Acton Park with the money. This may involve extending the play area or creating a trim trail. We would need the full £13,000.

Martin

There isn't enough room on site for any sort of decent public open space/play area.

The proposed development sits within the Community of Acton.

The only existing play areas within Acton are Ffordd Garmonydd and Acton Park (which is the closest to the development).

There are 13 properties proposed so I am assuming there will be a £13k Sec 106 contribution which could be spent in Acton Park.

I trust this helps.

Carla
