Development: Pedestrian and Vehicular Accessibility Notes has been implemented.

6. No part of the development shall commence until a scheme for the comprehensive and integrated drainage of the site indicating provision for foul water, surface water and land drainage has been submitted to and approved in writing by the Local Planning Authority. Prior to the submission of those details, an assessment shall be carried out into the potential for disposing of surface water by means of Sustainable urban Drainage Systems (SuDS) in accordance with the principles of sustainable drainage systems set out in Technical Advice Note 15: Development and Flood Risk, and demonstrating compliance with the Welsh Ministers Statutory SuDS Standards for Wales. The results of the assessment shall be submitted in writing to the Local Planning Authority. The submitted details shall:

- i) Provide information about the design storm period and intensity, the method employed to delay and control the surface water discharged from the site and the measures taken to prevent pollution of receiving ground water and/or surface waters;
- ii) Specify the responsibilities of each party for the implementation of the SuDS scheme, together with a timetable for that implementation; and,
- iii) Provide a timescale for implementation, management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.

7. All works in relation to the implementation of this permission, including deliveries to and / or leaving the site, shall be undertaken only between the hours of 7.30 and 18.00 Monday to Friday, and 08.00 to 14.00 on a Saturday, and at no time on a Sunday or a Bank Holiday unless the prior written approval of the Local Planning Authority has been obtained.

8. The rating level of any noise generated by air handling plant associated with the development on any part of the site described as 'Residential Zone (Outline) and Retail Zone (Outline)' on drawing no. AL-00-002 shall not exceed the pre-existing background level by more than 5dB(A) at any time. The noise levels shall be determined at nearby noise sensitive premises, and measurements and assessment shall be made in accordance with BS4142:2014 Method of Rating Industrial Noise Affecting Mixed Residential and Industrial areas.
