Subject: RE: Wrenbury Way

Hi Andy,

The development site would drain to Cefn Mawr waste water treatment works, this works has a phosphate consent and we can accommodate the proposed flows at the treatment works within our existing phosphate consent.

Should you require anything further please let me know.

Thank you,

Rhodri

PSA2120221 - S104 Proposed Sewerage Adoption

Hi Rhodri

NRW have issued the attached response to planning for the above development. Can you please advise if the receiving wastewater treatment plant benefits from a phosphate permit and if it has capacity for the additional flows?

I have also attached the approved S104 layout for your information.

Regards

Andy Jones
