A 'Tree Movement Management Plan' !, I like the sound of that!

I don't think a tree report would be necessary for validation, but I would need to be consultee during determination because of landscaping and tree protection issues.

Regards

Hello Again Jon,

Please can you have a look at another application, it's from the council looking to put in some car parking spaces. There is a tree present onsite, from looking at their plans it looks like they intend to move the tree (from google

images it looks like a relatively young tree). In this scenario do you require a tree report or tree movement management plan (if such as thing exists?).

Planning Applications > 01 October > Heol Bryniog Coedpoeth

Thanks,

Pauline Gallagher Brown
