Subject: RE: P/2018/0555 - planning consultation

Hello Phil

The proposed DMS looks fine.

I note the applicant is proposing to work from 08.00 hours to 17.00 hours on Saturdays. This is outside of the normal recommended Saturday working hours of 08.00 hours to 14.00. The applicant does address this to some extent in Paragraph 9 of the Construction Management Plan, but it may be something you wish to consider.

Regards Nick

Gents,

I've received an amended document following initial comments from Public Protection about the suitability of the dust management originally submitted.

The amended document is attached. I'd sent it through to the general consultation email but no response received. Could I ask for a direct response on the attached.

Original response also attached.

Thanks

Phil

I refer to your previous response relating to my consultation on application reference P/2018/0555. Your response is attached. As a result of the comments of the Environmental Protection section the applicant has provided the attached additional information that I would appreciate your comments on within the next 14 days.

Regards

Phil

Morning Phil,

Further to the comments from Environmental Protection please see attached the updated Construction Management Plan:

- **RUABON_Aldi_CMP_2018.05.01 Rev 1**

If there is anything else that I can assist with in the meantime please do not hesitate to contact me.

Kind regards,

Matt

Dear Matthew,

I have received a response from our Public Protection department on the submissions you have made. There is concern regarding the lack of detail in the dust management methodology.

I'd be grateful if you could review the comments made and provide me with a response. Due to current workload and the piecemeal nature of responses coming in on this application I will feed back to you as and when they come in.

I look forward to hearing from you on this.

Regards

Phil
