4. All fenestration and doors shall be finished in timber and set back 100mm within the window reveal.
5. All new and replacement rainwater goods shall be finished in black.
6. All rooflights hereby approved shall be 'conservation type' only fitted flush with the adjoining roof surface.
7. No part of the development shall commence until full details of a hard and soft landscaping scheme, to include positions, appearance and height of boundary treatments, together with a timescale for implementation of works, have been submitted to and approved in writing by the LPA.
8. The landscaping scheme submitted and approved in connection with condition no. 07 shall be fully implemented in all respects within the agreed timescale and in strict accordance with the approved scheme.
9. Prior to first use of the development the site shall be laid out in strict accordance with layout plan(s) No. Dwg No. E072/005 Rev B.
10. No development shall take place until a phased site investigation of the nature and extent of contamination has been carried out and submitted to and approved in writing by the Local Planning Authority. If any contamination is found during the site investigation, no part of the development shall commence until a scheme specifying the measures that will be taken to remediate the site to render it suitable for the development hereby permitted has been submitted to and approved in writing by the Local Planning Authority. The site shall thereafter be remediated in accordance with the approved scheme. If during the course of development any contamination is found that has not been identified in the site investigation, no further development shall take place on those parts of the site where that contamination has been found until an additional scheme of remediation has been submitted to and approved in writing by the Local Planning Authority for those parts of the site. The relevant parts of the site shall thereafter be remediated in accordance with the additional scheme of remediation.
11. Each part of the site subject to the remediation under the scheme(s) approved as part of condition 10 shall not be occupied/used until a Validation Report has been completed in respect of that part of the site and submitted to and approved in writing by the Local Planning Authority.
12. No part of the development shall commence until a noise survey in order to determine noise levels for both day and night has been carried out, and a detailed report of the survey findings together with a detailed scheme of noise attenuation and/or noise insulation measures has been submitted to and approved in writing by the Local Planning Authority. The measures as
