

Waste networks:

	Foul chamber		Outfall
	Surface water chamber		Lamphole
	Combined chamber		Storm Overflow
	Combined sewer overflow		Rising main
	Special purpose chamber		Gravity sewer
	Treatment works		Private sewer
	Pumping station		Private sewer subject to Sect 104 adoption agreement

NB: Sewer symbol colour code indicates the type.

RED	Combined		Private Sewer Transferee
GREEN	Surface water		Lateral Drain
BROWN	Foul		Inspection Chamber

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dier-Cynry Cyllyngedig (The Company) gives this information as to the position of its underground apparatus by way of general guidance only and it is the strict understanding that it is based on the best information available and no warranty as to its correctness is relied upon in the event of excavations or other works made in the vicinity of the company's apparatus. The usual of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company, is done so in accordance with statutory requirements of sections 193 and 190 of the Water Industry Act 1961 and the Regulations made thereunder. It is stressed that the Company does not purport to be responsible for any damage, fire, flooding, etc., which may result from any excavation made without regard to the provisions of the said Act and Regulations. It should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or disposal main and any associated apparatus laid before 1 September 1969, or if they do, the particular details of their location and depth may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provision of the New Roads and Street Works Act 1991, or the Company's right to be compensated for any damage to its apparatus.

Service sites are not necessarily shown but our resources should be exhausted.

Service sizes are not generally shown but their essence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS
TO BE DETERMINED ON SITE.
