

Sewer Plan

LEGEND(Representative of most common features)

Waste network

- Foul chamber
- Surface water chamber
- Combined chamber
- Combined sewer overflow
- Special purpose chamber
- Treatment works
- Pumping station
- LHM
- Lamphole
- Storm Overflow
- Rising main
- Gravity sewer
- Private sewer
- Private sewer subject to Sect. 104 adoption agreement
- Private Sewer Transfer
- Lateral Drain
- Inspection Chamber

NB: Sewer symbol colour indicates the type.
 RED - Combined
 GREEN - Surface Water
 BROWN - Foul
 Blue - Combined SWS (sewers for individual properties only)

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Deir Cyber Cyllyngdy (The Company) gives this information as to the position of its underground apparatus by way of general guidance only and is not to be taken as an absolute statement of fact. The information is based on the best information available and is not warranted as to its correctness in relation to the event of excavations or other works made in the vicinity of the company's apparatus. The usual of locating apparatus before carrying out any excavations must entirely on you. The information which is supplied by the Company, is done so in accordance with statutory requirements of sections 193 and 195 of the Water Industry Act 1991. The Company does not accept any liability for any damage or loss of any kind that may be caused by any excavation or other works made in the vicinity of the Company's apparatus. It should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or disposal main and any associated apparatus laid before 1 September 1989, or if they do, the particular details of the apparatus may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provision of the New Roads and Street Works Act 1991, or the Company's right to be compensated for any damage to its apparatus.

Service sites are not necessarily shown but existence should be anticipated.

Service sizes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS
TO BE DETERMINED ON SITE.
