For the attention of Sharon Holman:

Dear Sharon,

TOWN AND COUNTRY PLANNING ACT 1990
DEDDF CYNLLUNIO GWLAD A THREF 1990

PROPOSAL:

Site of former Hippodrome Theatre, Henblas Street, Wrexham

LOCATION:

**FULL PLANNING APPLICATION FOR THE ERECTION OF MIXED USE
DEVELOPMENT COMPRISING 10 NO. STUDIO APARTMENTS AND 3 NO. 1
BEDROOM APARTMENTS AT FIRST AND SECOND FLOORS OVER 2 NO. RETAIL
UNITS AT GROUND FLOOR**

Thank you for consulting Natural Resources Wales (NRW) about the above, which was received on 22/10/2018.

NRW does not object to the proposal, however we would provide the following advice.

Pollution Prevention

Please refer to PPG6, working at construction and demolition sites:

<https://www.sepa.org.uk/media/60125/ppg-6-working-at-construction-and-demolition-sites.pdf>

Any work which is to take place should be done so with pollution prevention in mind. Pollution prevention advice and guidance can be found via this link:

<http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Should any pollution occur during the construction or operational phase, Natural Resources Wales should be notified via the incident hotline – 03000 65 3000.

Waste

Waste produced during the construction phase of your development must be dealt with appropriately, and be in line with all relevant waste legislation including Duty of Care Regulations and Hazardous Waste Regulations. As part of your waste duty of care you must classify the waste produced:

- before it is collected, disposed of or recovered
- to identify the controls that apply to the movement of the waste
- to complete waste documents and records
- to identify suitably authorised waste management options
- to prevent harm to people and the environment.

Any waste removed from site will be subject to waste management controls. The links below provided information on how to classify waste and register as a waste carrier or hazardous waste producer:

<http://naturalresources.wales/waste/how-to-classify-and-assess-waste/?lang=en>

<http://naturalresources.wales/apply-for-a-permit/waste/?lang=en>

Further guidance can be found on the GOV website here:

<https://www.gov.uk/managing-your-waste-an-overview/duty-of-care>

Please do not hesitate to contact us if you require further information or clarification on any of the above.

Our comments above only relate specifically to matters that are listed in our 'Consultation Topics' document (September 2018) which is published on our website: (<https://cdn.naturalresources.wales/media/686847/dpas-consultation-topics-august-2018-eng.pdf?mode=pad&rnd=131819256840000000>). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance.

Yn gywir / Yours sincerely,

Daniel Davies

Daniel Davies
