

10/10/2018

For the attention of Mared Rees:

Dear Mared,

TOWN AND COUNTRY PLANNING ACT 1990
DEDDF CYNLLUNIO GWLAD A THREF 1990

PROPOSAL:
**EXTENSION AND ALTERATIONS TO CREATE DORMER STYLE BUNGALOW WITH
ADDITIONAL BEDROOMS AND LOUNGE AT FIRST FLOOR LEVEL**
LOCATION:

6 Ludlow Road, Bangor Isycoed, Wrexham

Thank you for consulting Natural Resources Wales (NRW) about the above, which was received on 28/09/2018.

NRW does not object to the proposal, however we would provide the following advice.

Flood Risk

The application site lies entirely within Zone C1 as defined by the Development Advice Map (DAM) referred to under Technical Advice Note 15: Development and Flood Risk (TAN15) (July 2004). Our Flood Map, which is updated on a quarterly basis, confirms the site to be within the 1% (1 in 100 year) and 0.1% (1 in 1000 year) annual probability fluvial flood outlines of the river Dee, a designated main river.

Given the scale of the proposed development (and in the absence of a flood consequence assessment) we consider the risk could be acceptable subject to the developer being made aware of the potential flood risks, and advised to install flood-proofing measures as part of the development.

In areas at risk of flooding, we recommend that consideration be given to the incorporation of flood resistance/resilience measures into the design and construction of the development. These could include flood barriers on ground floor doors, windows and access points, implementation of suitable flood proofing measures to the internal fabric of the ground floor, and locating electrical sockets/components at a higher level above possible flood levels.

We refer the applicant to our website for further advice and guidance available here:
<http://naturalresourceswales.gov.uk>.

Additional guidance including the leaflet “Prepare your Property for flooding” can be found by following the link: <https://www.gov.uk/prepare-for-flooding> .

The developer can also access advice and information on protection from flooding from the ODPM publication ‘Preparing for Floods: Interim Guidance for Improving the Flood Resistance of Domestic and Small Business Properties’, can be found by following the link: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/11485/2187544.pdf

Pollution Prevention

During the construction phase of the proposals, any waste material which is to be removed from the site should be done so via a registered waste carrier. The waste must be taken to a facility which holds an appropriate exemption or environmental permit to accept the specified waste.

Any waste material which is removed from the site should be carried out in accordance with the duty of care requirements. All appropriate paperwork and documentation should be completed by the parties involved. Details of all waste carriers, permitted and exempt sites can be found electronically via the public registers section of our website www.naturalresourceswales.gov.uk or by contacting our customer contact centre on 0300 065 3000.

Any work which is to take place should be done so with pollution prevention in mind. Pollution prevention advice and guidance can be found via this link:

<http://www.netregs.org.uk/environmental-topics/pollution-prevention-guidelines-ppgs-and-replacement-series/guidance-for-pollution-prevention-gpps-full-list/>

Should any pollution occur during the operational phase, Natural Resources Wales should be notified via the incident hotline – 03000 65 3000.

Please do not hesitate to contact us if you require further information or clarification on any of the above.

Our comments above only relate specifically to matters that are listed in our ‘Consultation Topics’ document (September 2018) which is published on our website: (<https://cdn.naturalresources.wales/media/686847/dpas-consultation-topics-august-2018-eng.pdf?mode=pad&rnd=131819256840000000>). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance.
Yn gywir / Yours sincerely,

Daniel Davies
