Matthew

Thanks, yes this is the same drawing that James Chadwick sent earlier this year and my email of the 15<sup>th</sup> March confirmed it was ok (attached).

Yes we will still need verification so a condition to ensure this is required please.

Regards Angela

Angela,

You might not have seen the attached for the above application. It provides a specification for the gas protection measures installed. I am assuming however you would still need verification of this as per your recommended condition?

Regards

Matthew
