Introduction

The bat access slate roof tile vent allows access for bats into the roof space or batten cavity as advised by ecological consultants.

The bat access vent includes a discreet weathering cowl and non-slip surface for easy access for protected bat species.

Legislation

Contact Us

The product provides a solution to meeting the latest legislation and building regulations designed to protect bats and their habitat.

[Click here](#) to read why bats are now a European protected species and how this affects planning permission approval.

Size + Colour Options

The product comes in the 2 most popular slate sizes (600 x 300 mm and 500 x 250 mm) and 2 colours (blue-black and slate grey).

Production Time

2 days

Customer Reviews

Keith Harrison on **Aug 08, 2018**

Marley Ludlow plus

Ordered 4 of these for my house to replace roof soil pipe vent and 3 extractor outlets, in brown sanded effect. Next to our new antique brown roof they look perfect. Speedy delivery also very good. Would recommend and return here again in future. Thanks for great telephone advice and service.
