

Arboricultural Inspection Schedule

The Elms

Wrexham

Introduction

- 1.1 This schedule provide details of on-site arboricultural supervision during construction and renovation work at The Elms, Wrexham.
- 1.2 To ensure that all tree protection measures detailed in the Tree Protection Plan and Arboricultural Method Statement forming part of the Arboricultural Report ref: AIA/TEW/12/16 are properly installed and maintained and any specialised construction work is undertaken in accordance with the details given, the site shall be monitored by Shields Arboricultural Consultancy to the following schedule.

Schedule of Inspection

1. On completion of erection of fencing and installation of ground protection prior to commencement of development works
2. Pre-commencement contractor meeting prior to work starting
3. During installation of services within to the Precautionary Area around the tree – see Tree Protection Plan.
4. Monthly throughout the project

Details of the findings and photographic evidence of the site inspection visits will be reported to the LPA by email within 24 hrs of the visit. All tree protection measures must remain in place until development work is completed and only removed after receiving written confirmation from the LPA.
