Hi Matthew,

With regards to the retention of canopy cover this is a much better, more sympathetic design. Enhancement planting is still required, however that may be addressed in a landscape scheme to be conditioned.

An AMS will be required again, subject to condition.

Dear Matthew Philips

Good Morning

Further to our meeting and detailed discussion I have revised the proposal and submitted via planning portal.

The revised drawings are also attached with this mail. Hopefully this proposal will meet the site requirements.

If you need any clarification please let me know, I will response your instructions.

Best regards.
