

Landscaping Ideas:

1. Flexible pedestrian areas for access and congregation between campus buildings.
2. Simple, low maintenance shrub planting. Single species planted in drifts create a uniform and simple landscape scheme.
3. Raised lawn areas with a hard edge create informal seating areas and neat, crisp edges.

Seating Precedents:

- 4. Concrete seats and pavers in lawn area
- 5. Modular concrete seats
- 6&7. Concrete seats integrated into retention wall
- 8&9. Timber top seats on concrete base

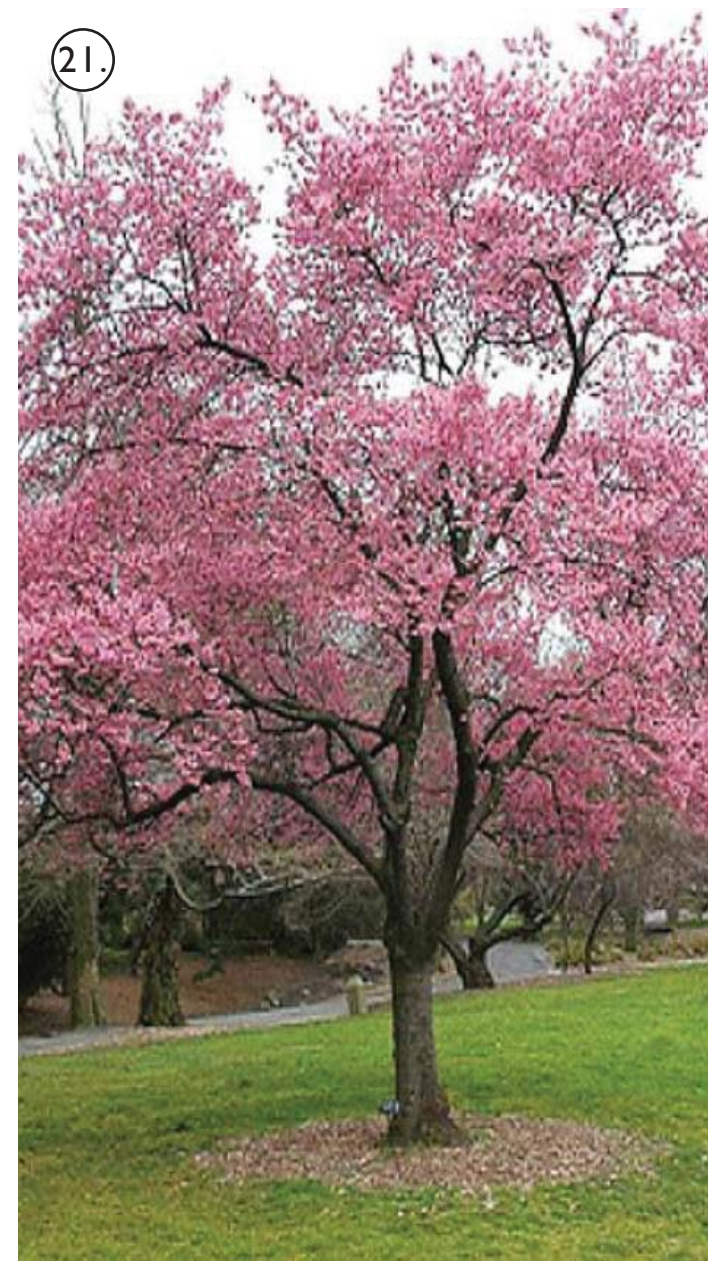

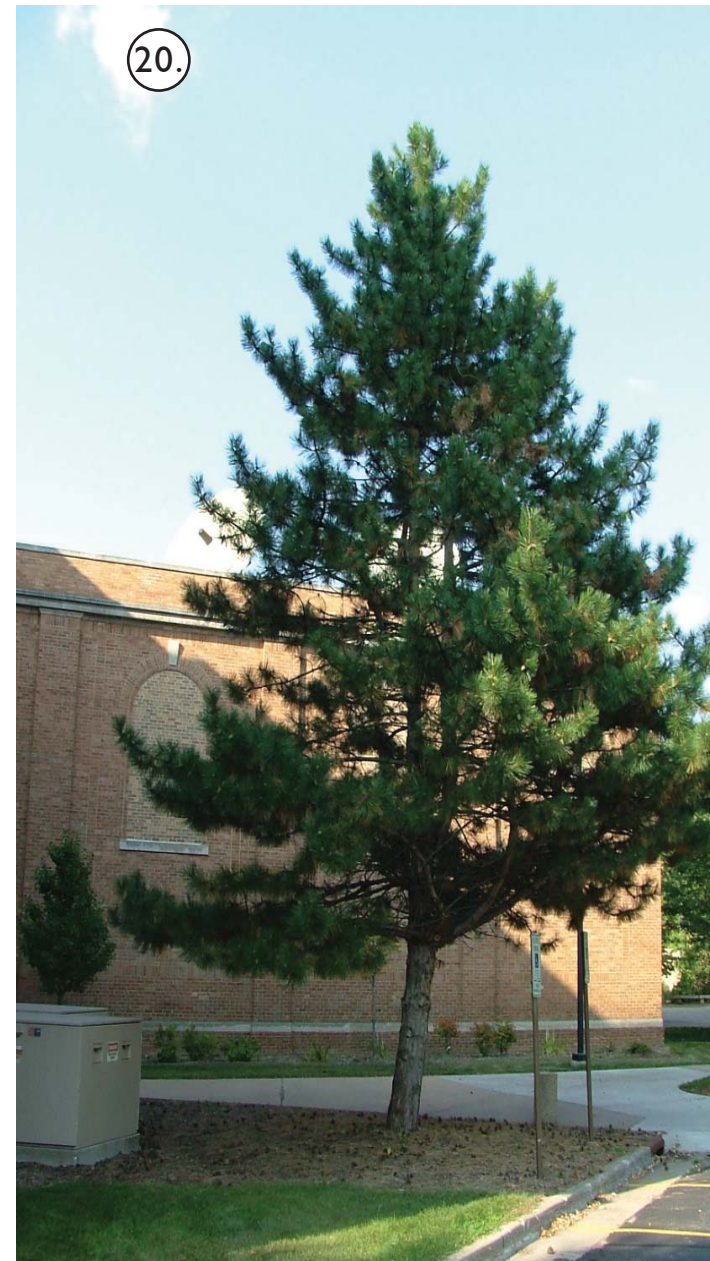

Lighting Ideas:

- 10. LED lit concrete benches, uplights and linear LED panels installed in grass
- 11. Uplights installed on steps
- 12. Upright bollard light

Paving Ideas:

13, 14 & 15 Mixed colours, natural stone linear paving units
16&17 Permeable paving

Planting ideas - Specimen trees:

- 18. Tulip Tree (*Liriodendron tulipifera fastigiatum*)
- 19. Maidenhair tree (*Ginkgo biloba*)
- 20. Black Pine (*Pinus nigra*)
- 21. Cherry tree (*Prunus species*)

Planting ideas - native and non-native plants and shrubs beneficial for pollinators:

- 26. Wildflower planting within a formal bed
- 27. Shrub planting: Guelder rose (*Viburnus opulus*), Michaelmas daisies (*Aster novii-belgi*), Rosa canina (dog rose)
- 28. Single species drift planting: Liriope muscari, Hebe 'Emerald Green'
