Hi Phil,

Extract of the DAM below – Blue = C2, Yellow = B. Close to C2 but not within.

I access the DAM via a WMS layer within our GIS system – that way you are always looking at the most current published version on NRW website as it can change quarterly.

Thanks

Neil

Hi Neil,

Could you do me a favour and check your records on the above for me?

You've referred to the site as TAN15 Zone B. Our Proprinter layer is showing it as C2. NRW haven't raised any concerns so I'm wondering whether our layers are out of date.
