

Kronospan Planning Consultation
Thursday 6th July 2017
Feedback Form

We would like to know your views on Kronospan's Vision 2020 planning proposals. We will take these into account before making the final planning submissions for the designated major planning applications.

Please provide your feedback below. (Note all forms should be submitted in the box provided at the exhibition.)

Comments on the scheme

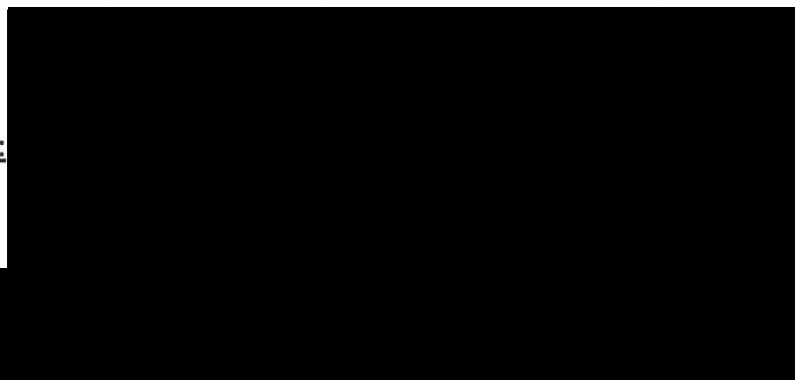

The objective of dust reduction appears to be met over a period of time - which is a good outcome. The plan needs to be outcome based and measured over the years against this outcome.

Visits to the factory for local population should assist the local perceptions and help establish what happens "behind the gates".

Comments on the scheme

VERY INTERESTING

GOOD TO SEE BROMELAF PLANTING

STAFF VERY KNOWLEDGEABLE + HELPFUL.

GLAD TO SEE LESS DUST, HEAR LESS NOISE

Comments on the scheme

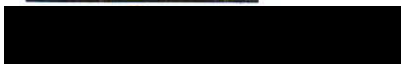

I look forward to the improvement in Noise & Air pollution being realised

My underlying concern is the long-term health effects on the local community of the Kronospan Plant since its location in Chirk is 1972. The incremental effect of the ~~latest~~ current proposals must be added to the cumulative effects of the last 40 years. Will these concerns be addressed by the planning process? If not, how will they be examined?

Great to see investment in the plant and the future of the village.

Thank you for explaining the plans to us.

Look forward to approval to go ahead.
