Morning Sharon,

Thank you for calling out last Wednesday.

I met Richard Gratton on site on Friday to view the sample panels and although he felt that the two reds would have worked ok together because there was enough difference he did have a preference for the buff and red combination, with buff comprising 19 of the 54 houses. With all screen walls to be red.

The red is the darker of the 2 reds the one to the right hand side as we viewed from the road – Forterra Raeburn Jacobite.

The buff is a Weinerberger Harvest Buff Multi.

I trust this is acceptable to you.

Mike.
