YOUR COMMENTS ON THE CASE

The drop down in the representation section above does not work. I am representing myself and my husband, Mr & Mrs John Heyward. It is interesting to see that the photomontage biomass plant documents App007 to App10 we're all taken in 2011, well let me tell you that much has been built on this site since then, the size of the factory is much bigger, and the impact on residents and the surrounding area much greater. Where is this all going to end, it's out of control, they get permission for this and that, but who is monitoring that they adhere to the legalities of the planning permission granted, no one, that's who. IT HAS TO STOP.
