Hi Ruth,

Something has gone wrong here with this one. The detail as quoted has not been submitted. I've written to the applicant to request the information.

Would it be easier for you to respond on the issues that you can and then as soon as I receive the drainage detail I will re-consult you? I could provide you with an extension of time but I don't know when the info will be submitted.

As this is not your/your organisation's problem I be happy for you to respond now.

Just a quick note that the biosecurity RA and the compliance audit was mistaken attached to the tree report. This has been rescanned now and should appear on the file in the correct place as 'ecological report'.

Sorry that this has created work for you. Give me a call if you need to discuss.

Thanks

Phil
