Dear Sir

Regarding – Planning Application P/2015/0773

I have been sent a letter telling me again that there is a new planning application and now an appeal regarding the traveller site opposite my house. We all thought that the appeal had been turned down and that a court order to leave the site had been made. I think the travellers were given 18 months to move and this has not happened. The site has lots of caravans and people on it. They are not all family of Mr Cash. There is a lot of noise and nuisance and the Police are at the site a lot. The noise is really bad as I am quite close to the site and I also feel that I have to be security conscious all the while.

The land is Green Barrier and all other applications and appeals have been turned down. I don't think there is any difference with the new application/appeal. Mr Cash has not at any time kept to his original plan and there are caravans visiting and leaving the site, there are also lots of vehicles using the site, a lot of these are sign written and are used for business. As you know the chalet is larger than the one stated on the original applications, in fact the applicant does not seem to give any regard to planning applications at all. I do not think that if the appeal is granted that Mr Cash will keep to what he has said and if the appeal is granted that this will set a precedent for others to disregard planning applications. The Council already know that there is lots of traffic, horns and noise at night, that there are problems with flooding etc.

I hope that the appeal will be refused and this will uphold the decision of Wrexham Council and the local residents who have fought really hard to keep this land as Green Barrier and protect the rights of the villagers.

Yours faithfully
