I write with reference to the above application and note that this application has now been withdrawn.

Welsh Water provided a consultation response in relation to this application but an aspect of our comments was missed off the letter. For completeness, the additional comments are provided below:

The development is in close proximity to a Waste Water Treatment Works. The developer is advised that an odour assessment will be required in order to assess what impact the odour from the Works might have on residents. The applicant is advised to consult with the Council's Environmental Health Section

Regards

Henry
