Dear Sir

PLANNING APPLICATION – p/2015/0773

I am writing with my objections, one again regarding the traveller site at Southsea which I pass on a daily basis. I cannot understand why a further application has been allowed and is going to appeal when previous applications have all historically been refused as the land lies within the Green Barrier. I was under the impression that an order had been authorised to remove the Travellers from the site and they would have to return the land to its former Green Barrier state. Why has this not been done?

It is quite clear, the land is Green Barrier, the site contravenes lots of local authority regulations and the site and the nuisance caused is having a detrimental effect on the lives of the residents in the once quiet village of Southsea. It does not matter whether the application was made by travellers or by local residents it should not be allowed and if it was as I have said previously the authority would be setting a precedent to allow others to disregard planning applications and Green Barrier land would become used by all to build, provide traveller sites etc.

I can only hope that someone will have the sense to refuse this appeal once again and stop the waste of public money and ensure that the travellers are made to leave and the land is returned to its former Green Barrier allowing the residents of Southsea to return to their "normal" way of life which has been impinged upon over the course of these planning applications.

Yours faithfully,
