Dear Sir or Madam

We are objecting
to the appeal by No. 59 Bluebell Est due to access
in and out of the Cul-de-sac, this will cause
serious disruption during and after the building of
the dwelling.

Plus acton road the adjoining road is
extremely busy and dangerous road, animals (pets)
have been killed on this road as recently as
last week (a neighbour's ^{cat}). People do travel at great
speed on the road mentioned (Police speed cameras)
People in No. 59 Bluebell Est. Park on the path
restricting vision for on coming cars making
it dangerous in and out, we have been
made to reverse out (this is extremely dangerous).

The Cul-de-sac bottle necks to a single road
at the end making it a single track road.
which causes problems, reversing delivery
trucks for example as they cannot turn round
in the Cul-de-sac. (and we are drawing
attention to section 106). We again strongly
object to this dwelling being built, as in our
first letter
yours
