Wrexham

Dear Sir

Re: PLANNING APPLICATION P/2015/0773
LAND EAST OF JUNCTION OF TANYFRON ROAD WITH SOUTHSEA ROAD,
SOUTHSEA, WREXHAM

I write once again to lodge my objection to this Planning Application due to the land being designated Green Barrier.

Historically and recently previous applications - even on appeal to the Welsh Government have been refused on this fact.

If the Council agree to this planning application they would surely create a president where anyone can disregard planning regulations and build on green barrier. As a local resident who owns land considered to be green barrier I do wonder the consequences had I developed my land. I can only hope that the Planning Committee agree with previous decisions and not create loopholes or presidents which others can use to their advantage. Green barrier land is what it says and cannot be and is there to protect the village and create barriers allowing the landscape to remain green.

In addition the Council in refusing the application would be standing up for the village as a whole and upholding their right to Green Barrier land and to live peaceful lives which are now being disturbed by noise and nuisance, by Police arriving at all times of the day and night. In addition there has been fraudulent use of address - resulting in bailiffs turning up at our addresses demanding redress for the actions of others. Court officials/Police officers have arrived at our houses because of misuse of address to serve "tags for antisocial behaviour or criminal offences". Our lives have been constantly disturbed by the residents of this "site" the Authority should take into consideration our rights and our health.

If Wrexham Local Authority does not refuse this application they will have their actions repeated by other authorities having created presidents for allowing Green Barrier land to be used for development.

Yours faithfully
