Matthew

P/2016/0357

I have received the attached letter in regard to the above and can confirm that this is satisfactory in addressing the outstanding queries for Condition 7. Please note that I have not responded directly to Mike Scott on this matter and trust that you will pass this on if you are also satisfied. I note he has offered a site visit and this is something that, provided an Officer is available at the time, could be undertaken at the time of the excavation works (removal of the made ground) when the sampling of the natural ground is to take place in the new garden area.

Regards Angela

Morning Angela,

Hopefully the attached letter will clarify matters.

Any queries please call.

Regards

Mike
