Thank you for consulting with NRW regarding the above application. We have the following comments to make:

Protected Species

Great Crested Newts are protected under the Conservation of Habitats and Species Regulations 2010 (as amended) and the Wildlife and Countryside Act 1981 (as amended). We advise that you should consult your internal ecologist with regards to the potential impact of the proposed development on the favourable conservation status of populations of Great Crested Newts.

Should your ecologist advise that further information is required in order to assess the likely impact of the development on GCN, NRW would wish to be re-consulted on the protected species assessments supporting the planning application.

If you have any questions or queries please do not hesitate to contact me.

Kind Regards

Sara Price Jones
