Hi Matthew,

I have reviewed the Eastern Command and Custody Facility Proposed Drainage Strategy, Feb 2016 (ref: B1305210/CE/870.001), submitted in support of the discharge of condition.

Prior to being able to comment on the adequacy of the submitted information, additional information is requested on the detailed design calculations for both the attenuation pond catering for the west of the site, and soakaway test results and associated calculations (in accordance with BRE365) for the car parking are to the east of the site.

If you have any questions please let me know.

Many thanks

Neil
