## Advice : HSL-160428075607-349 DO NOT ADVISE AGAINST

**Your Ref:** W06 000 006

**Development Name:** Wrexham Power Ltd

**Local Authority Reference:** P/2016/0358

**Comments:** Installation of underground gas pipeline, erection of above ground installation, surface markers and marker posts and use of existing access road and junction

Land Use Planning Consultation with Health and Safety Executive [Town and Country Planning (Development Management Procedure) (England) Order 2015, Town and Country Planning (Development Management Procedure) (Wales) Order 2012, or Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013]

The Health and Safety Executive (HSE) is a statutory consultee for certain developments within the Consultation Distance of Major Hazard Sites/ pipelines. This consultation, which is for such a development and is within at least one Consultation Distance, has been considered using HSE's planning advice web app, based on the details input on behalf of Wreccsam - Wrexham.

**HSE's Advice: Do Not Advise Against, consequently, HSE does not advise, on safety grounds, against the granting of planning permission in this case.**

Protective Marking: Official Sensitive

HSL-160428075607-349 Date enquiry completed :28 April 2016 (339034,348938)

---

## Breakdown:

### Outdoor Use By Public DAA

What is the maximum number of people likely to be present at any one time? Up to 100 people

---

## Pipelines

7601\_1854 Wales and West Utilities 7604\_1857 Wales and West Utilities 7606\_1859 Wales and West Utilities 7627\_1879 National Grid Gas PLC

As the proposed development is within the Consultation Distance of a major hazard pipeline you should consider contacting the pipeline operator before deciding the case. There are two particular reasons for this:

- The operator may have a legal interest (easement, wayleave etc.) in the vicinity of the pipeline. This may restrict certain developments within a certain proximity of the pipeline.
- The standards to which the pipeline is designed and operated may restrict occupied buildings or major traffic routes within a certain proximity of the pipeline. Consequently there may be a need for the operator to modify the pipeline, or its operation, if the development proceeds.

HSE's advice is based on the situation as currently exists, our advice in this case will not be altered by the outcome of any consultation you may have with the pipeline operator.

This advice report has been generated using information supplied by Ann Jones at Wrexham - Wrexham on 28 April 2016.

Note that any changes in the information concerning this development would require it to be re-submitted.
