Thank you for consulting us on this application. We have looked at the documents available on your website.

We understand the applicant's predicament, but are concerned that the introduction of PVCu windows may not provide the desired for long-lasting solution. Historic England has written some detailed guidance on traditional windows: <https://historicengland.org.uk/images-books/publications/traditional-windows-care-repair-upgrading/> The first section, entitled "Challenging perceptions", may be of particular interest to the applicant.

Regards

Lucie Carayon
