Henry,

We received the above application last year for a 7 pitch traveller site with a single amenity block (Grid Ref: E 329860 N 339759).

The submitted details suggest the applicant would be using a private treatment plant for foul drainage. Welsh Water responded on that basis on 21 April 2015 (ref PLA0011592).

NRW have objected to the use of private drainage on the basis that connections should be made to the local public sewer network. I therefore have 2 questions:

- i) Where is the nearest public foul sewer in relation to the site?
- ii) Would Welsh Water have an objection to the site being connected to the public sewer network?

Regards

Matthew Phillips
