Dear Matthew

I have just received and approved a final copy of the watching brief report on the ground floor works inside Halghton Hall from Aeon Archaeology. A copy of the report should be forwarded to the LPA by the applicant. The watching brief was well worth doing on this occasion with earlier structural features revealed and recorded including earlier tile floors and the foundations of an industrial hearth process of post medieval date in the kitchen area.

This condition has now been fully complied with.

Kind regards

Mark Walters
